

*A Global Organization
with dynamic solutions
for all your traffic needs . . .*

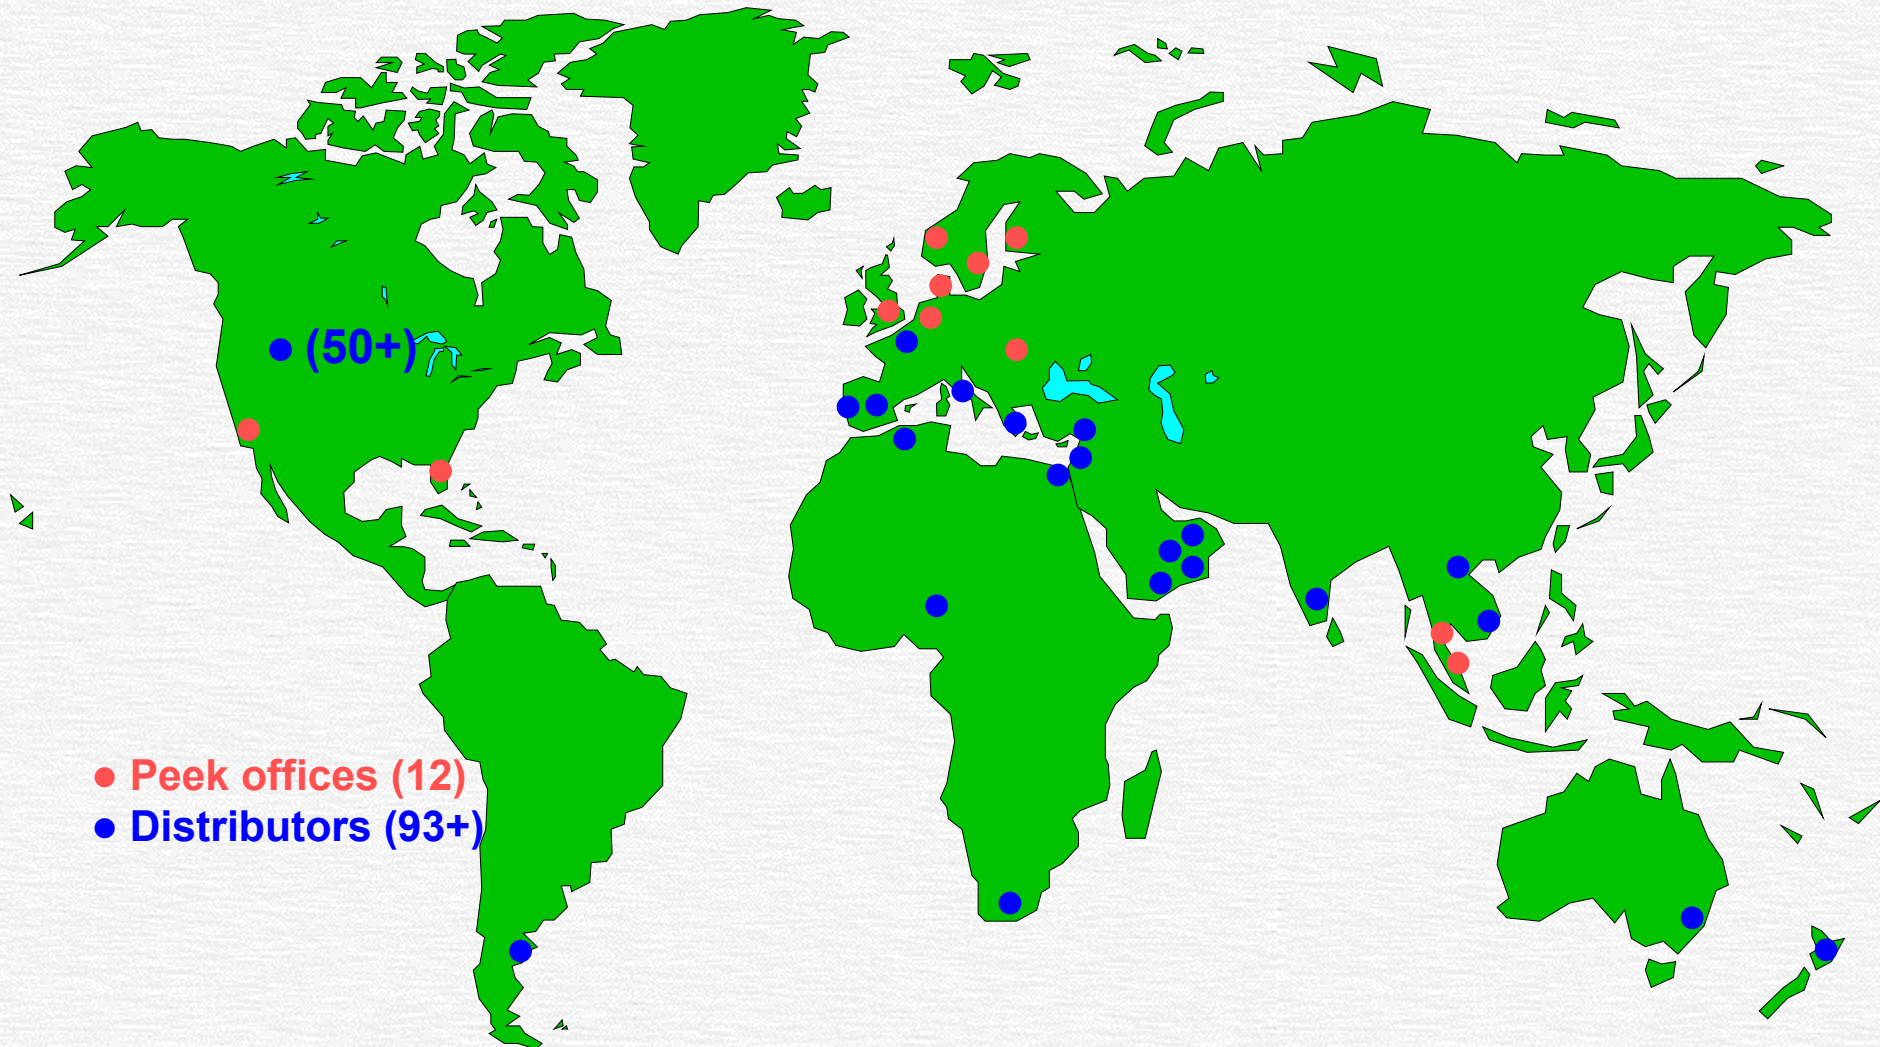

*The wider view of
Intelligent Transportation Systems*

In today's competitive arena, Peek is the partner of choice in terms of innovative, cost-effective, quality products and systems, service and support.

Major Locations Worldwide

Research and Development

Peek's research and development continually addresses future market needs.

Peek Manufactures ...

- ***Proven loop detectors***
- ***Advanced ADR traffic counters/ classifiers***
- ***StopWatch® along with other safety systems***
- ***World-leading urban traffic control systems***
- ***VideoTrak® image processing***
- ***Proven traffic signal controllers***
- ***LED and incandescent signal heads***

From detection and data collection to management, control and safety systems, Peek Traffic gives you the wider view

..... with the widest range of

Maximize traffic flow by:

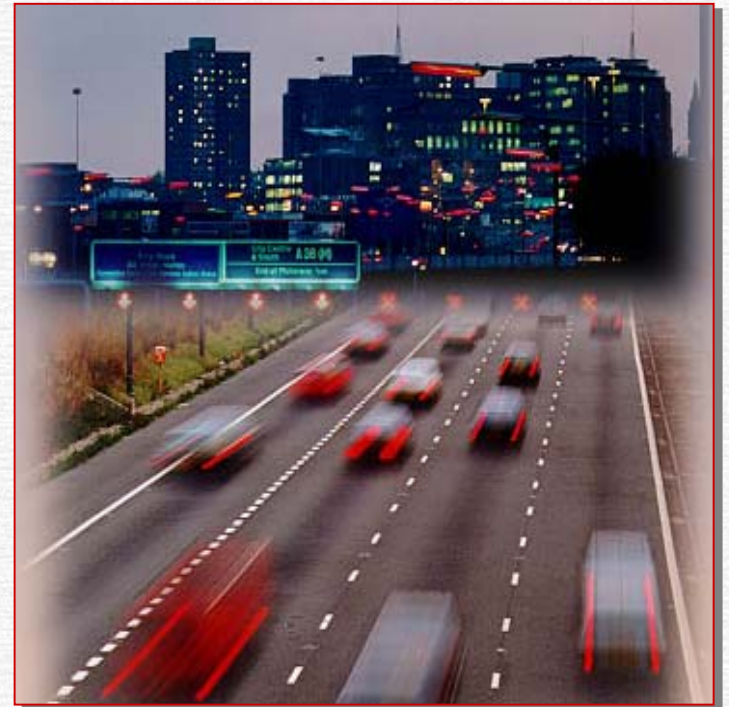

- ***Urban traffic control***
- ***Congestion management***
- ***Driver information***
- ***Parking guidance***
- ***Public transport priority***

Inter-Urban Control Systems

- ***Variable message sign control***
- ***Central control systems***
- ***Ramp metering***
- ***Automatic incident detection***
- ***Signal drivers***
- ***Emergency telephone systems***
- ***Driver information***
- ***Automatic fog warning***

Inter-Urban Control Systems Product Offering

- ***Integrated Traffic Management – ITS***
- ***Variable Message Signs***
- ***Ramp Metering Systems***
- ***Emergency Telephone Systems***
- ***VideoTrak***

- **Passenger & driver information**
- **Vehicle & fleet management**
- **Compact bus stations**
- **Bus priority**
- **Bus lane enforcement**
- **Access control**

- **Access control**
- **Traffic statistics**
- **Traffic planning**
- **StopWatch**
- **Toll road audits**
- **Shadow tolling**
- **Conventional tolling**
- **Weigh in motion**
- **Data collection software**

ADR3000Plus Permanent Traffic Counter / Classifier

- ***Permanent rack-mounted, expandable inputs***
- ***2 Mb onboard memory – increased storage capacity***
- ***PCMCIA memory option – removable storage***
- ***Sensor Array Independent***
- ***Optional Integral keyboard with 4 Line LCD Readout***
- ***FHWA Scheme “F” or custom classification***
- ***High-speed communications***
- ***Remote site accessibility using telemetry***
- ***Water-resistant airswitch with weatherproof housing***

ADR3000Plus Permanent Traffic Counter / Classifier (cont.)

- ***StopWatch***
- ***Weigh in motion***
- ***Prepass compatible***
- ***Roll-over Safety System***
- ***Historical Data Collection***

Quality Service and Support

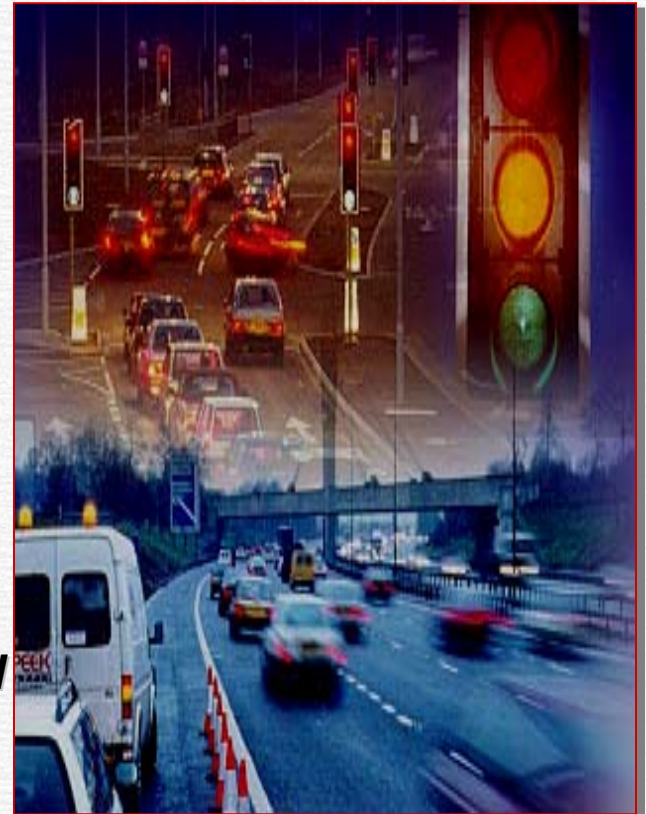

➤ Quality Service:

- ***Turnkey project management***
- ***Installation services***
- ***Urban traffic systems maintenance***
- ***Expressway maintenance***
- ***StopWatch installation/maintenance***

➤ Quality Support:

- ***Toll free 800-245-7660***
- ***Direct access to Customer Support***
- ***Internet connection WEB page
@ www.peekglobal.com***
- ***Software upgrades, product information, and
technical service bulletins***

Peek ... The Total Solutions Provider

- ***Has over 50 years experience***
- ***Pioneered loop detection***
- ***World-wide experience in urban traffic systems***
- ***World-wide experience in expressway solutions***
- ***Global installed base of 500,000 loop detectors and over 100,000 counters/ classifiers***

New Corporate Headquarters

**70,000 sq ft. Facility
Located in Florida**

PEEK Corporation

- ***Regional Managers***
- ***Distributors***
- ***Customer Service***
- ***Service Center's of Excellence***
- ***Inside Sales***
- ***Product Specialist***
- ***Product Management***
- ***Marketing***
- ***Research and Development***

Solutions for Tomorrow...Today!
